

special_units/color.cpp

```
graph TD; A[special_units/color.cpp] --> B[./color.hpp]; B --> C[iostream]; B --> D[sstream];
```

The diagram illustrates a dependency structure. At the top is a grey box labeled 'special_units/color.cpp'. A vertical arrow points down from this box to a white box labeled './color.hpp'. From the bottom of the './color.hpp' box, two arrows branch out diagonally to two separate white boxes at the bottom: 'iostream' on the left and 'sstream' on the right.

./color.hpp

iostream

sstream
